comfort® Geriatric™

**Contains 19 Vitamins & Minerals,
18 Amino Acids and MSM**

Geriatric Support Formula

Net Contents:

350 Chewable Tablets

Comfort® Geriatric Formula for Dogs & Cats is specifically designed for aging companion animals to support and maintain proper body functions and overall good quality of life. It contains OptiMSM® and a natural source of amino acids, and is further enhanced with minerals and vitamins to help keep animals in peak condition and foster optimum nutrition. The tasty, chewable tablets are designed to allow quick and complete assimilation of the nutrients into the body.

Feeding Directions:

For best results, use daily throughout your pet's life. Give as treat or crumble and mix with food according to the following schedule:

Initial Dosage: Give the recommended dosage twice daily on the first day of use.

Thereafter: Feed one tablet per approx. 20 lbs of body weight.

Warnings: For animal use only. Keep out of reach of children and other animals. In case of accidental overdose, contact a health professional immediately. Store in a cool dry place.
